

ground truth: Bulky items, Rubble, Unknown material

user

Is there any waste, garbage, debris, or dumped material visible in this image? Answer Yes or No.

model

Yes.

[margin +1.25 vs threshold -3.50]

user

This is an aerial drone photograph of an outdoor area (rural land, roadside, construction site, etc.). Describe in 2-3 sentences what you observe: focus on visible materials, objects, piles, or accumulations. Include colors, textures, and any signs of discarded or dumped materials.

model

The image shows a rural landscape with agricultural fields, buildings, and roads. There are visible piles of solid waste in the bottom-left part of the image, which appear to be scattered and not organized.

user

Based on your description, list the waste categories present. Answer `none` if there are none.

model

none
